PRINCIPAL GOAL

The Veterans' Welfare Commission exists to provide a means whereby veterans, and their dependents, obtain Federal benefits due them from the Veterans Administration.

To accomplish our goal of assisting veterans and their dependents in claims to the Veterans Administration there were filed:

<u>611</u>	Compensation and Pension Claims

MAJOR RECOMMENDATIONS SUMMERIZED

Priority	Recommendation	Program
1	Establish a local service office in Havre	Administrative

MAJOR RECOMMENDATIONS DESCRIBED

- 1 Local Service Office in Havre: If the primary objective of assisting veterans in obtaining the benefits they are entitled to under the federal programs administered by the Veterans Administration is to be accomplished a service office is needed in Havre. This recommendation, made for the second time, is necessitated by the ever increasing number of veterans in the state and the fact that in one of our more heavily populated areas there is no service office between Kalispell on the West and Wolf Point to the East. Services as currently given, to Malta out of Wolf Point and to Havre and Browning out of Great Falls, are limited at best and cannot meet the demand. An additional \$22,000.00 annually is required to establish this office.

PROGRAM DESCRIPTION

GOAL

Assist veterans and their dependents in obtaining the Federal benefits due them from the Veterans Administration.

OBJECTIVE

To assist every veteran or his dependents with the filing of claims for benefits to which they are entitled.

To advise every veteran and his dependents of the benefits available and assist them with the filing for the benefits.

To act as the veterans or dependants accredited representative before the Veterans Administration whenever required.

To provide itinerant service to each county of the State.

ACHIEVEMENTS

Maintained a high level of contacts in spite of reduced travel. The increasing number of veterans, of course, aided in maintaining this level.

Represent 32,500 veterans and dependents.
